# Junior Declarant

---

Netherlands | Rotterdam | Local | Supply Chain/Logistics Operations | Application date: 29/3/2019

---

The Junior Declarant is responsible for the main activities in the area of:

- VAS operations delivery: Planning for all VAS CHB activities for customers;
- Data quality & Process improvement: Ensure data integrity and support process efficiency
- Audit & Miscellaneous: Compliance and cooperation related to AEO and customer requirements

Additionally, the Junior Declarant is part of the larger CSO team and flexibility to help out in other departments, when specifically agreed upfront, is a pre-requisite. This implies that the Associate may be asked to perform other tasks not specified in below role responsibilities.

## Additional info
